Notable clients I have worked with during my time at AbsoluteB include Volvo Cars North America, NAS-CAR Motorsports, Volvo IPD USA, Volvo S40 Racing USA and Ford Motor Company.

work experience

12.09 – present Bonobos B.V. Groningen NL **Lead Designer & Front-end Developer**

Core responsibilities include designing and developing unique, user centered and focused templates, websites and brands in W3C/SEO compliant HTML and CSS. Maintaining the ongoing planning of the other designers and coordinating strategy with Marketing and Sales.

04.08 – 06.09 Atos Origin (AO) Nederland B.V. Groningen NL **Software Engineer**

Core responsibilities included developing Java based software applications and solutions. My knowledge and experience in user centered design, development and usability enabled me to eventually migrate to develop Web 2.0 solutions with focus on RIA's, mainly utilizing Adobe Flex and AIR.

10.08 – 11.08 Dienst Justitiële Inrichtingen Veenhuizen NL **Software Engineer** (outsourced via AO)

Core responsibility was to develop an independent Intranet system based on the Joomla! 1.5 framework including custom functionality, security protocols and implementation of a unique design while maintaining the organization's recognizable image and brand.

05.08 – 10.08 Dimpact! Several locations NL **Frontend Designer** (outsourced via AO)

Core responsibilities included designing an efficient and intuitive web GUI for the digitization of municipal products and services for participating municipalities. Also responsible for developing a standalone and intuitive Java based CSS generator.

12.04 – 03.08 AbsoluteB Groningen NL **Multimedia, Online Identity Consultant**

Core responsibilities included designing developing, identity/branding, project management and client relationship maintenance. Client list included Volvo Cars North America, NASCAR Motorsports, Volvo IPD USA, Volvo S40 Racing USA and Ford Motor Company.

11.02 – 06.03 Desktop Service Bureau Houston, Texas, USA **Lead Designer/Project Manager**

Core responsibilities included designing web and print projects and co-developing and founding Desktop Service Bureau as the in-house design and web company under parent organization Desktop Digital Printing.

12.01 – 11.02 Infinity Pro Sports Houston, Texas USA **Lead Designer**

Core responsibility was to understand the client's requests and convert them into graphical and media rich web applications and websites.

06.01 – 07.01 Shell International (NAM) Assen NL **Graphic Designer, Programmer**

Core responsibility of the extended four week summer job was to assist in the re-development of an intranet system.
